

NAVARA

THIS IS ONE BIG BAD

**MOTHER
TRUCKER**

| LIVE LIFE WITHOUT LIMITS

It's all about confidence. The feeling that whatever you want to do, wherever you want to go, you can count on the Navara to take you there. So get ready to take it to the next level, and make every day an adventure, with capability that opens up a whole new world for you to explore. The Navara is loaded with the tech you need, so you're ready to shift into 4x4 and cruise rolling dunes or climb up a fire trail with unmatched capability. And do it all with big, bold style. The Nissan Navara. Geared to excite. Pure, authentic, and ready for whatever comes next.

NAVARA 2.5L **PRO-4X**

NAVARA 2.5L VL AUTO

INTELLIGENT AROUND VIEW MONITOR

It's a tight squeeze, but you'll get through without a scratch

The path is so tight, you hold your breath going through. But you know you'll make it, with Navara's advanced tech on your side. Wheel-scraping boulders? Severe drop-offs? Not to worry. **Four cameras** give you a 360-degree overhead view of obstacles. Think of it as your own high-tech spotter on board.

Vehicle Dynamic Control (VDC) & Traction Control System (TCS)

Anti-lock Braking System (ABS)

Electronic Brake Force Distribution (EBD) & Brake Assist (BA)

Off-road Mode* - On rough terrain, the Intelligent Around View Monitor becomes your personal spotter. With a designated off-road mode, at slow speeds in 4WD (4LO) it gives you a clear view of the surrounding terrain, so you can see exactly where to place your front wheels.

Intelligent Predictive Forward Collision Warning and Emergency Braking** Monitors the second vehicle ahead as well as the vehicle directly in front to reduce the risk of multi-car accidents, and the Intelligent Forward Emergency Braking activates the brakes to avoid collisions, reducing the stress of driving in traffic or on busy streets.

Lane Departure Warning* Stray from your lane and you'll be warned with both a visual and audible alert by a system so smart, it turns them off when you flick on your indicator.

High Beam Assist* If an oncoming vehicle is detected, the system automatically dips the headlights when high beams are activated.

Blind Spot Warning* Visual alerts appear on your mirrors and display if a vehicle is detected in your blind-spot area. Further warning alerts sound if you continue moving into the danger zone.

Intelligent Driver Alertness** Monitors your driving patterns and steering behaviour to detect changes from normal patterns. If inattention is observed, audible and visual alerts are presented.

Rear Cross Traffic Alert* When you're backing out of a parking space, this feature watches the area around the rear of your vehicle and can warn you of vehicles approaching within 20 metres either side.

Hill Start Assist When you're on a steep incline, hill start assist helps stop you from rolling backwards for a period of 2 seconds, allowing the driver to release the brake and accelerate.

Hill Descent Control Helps make going down steep grades more manageable by automatically adjusting your speed and brake pressure to help keep you going at a controlled speed.

FULLY BOXED, FULLY CAPABLE

Never bend in the face of adventure

Get axle-deep in fun. Navara's toughness means confidence you can feel. So go ahead and challenge yourself. Cruise the dunes, crawl over boulders – even ford a stream. With a combination of strength and skill that comes from decades of building authentic off-road trucks, Navara will take you wherever you want to play.

Rear Multi-link Suspension

With a strengthened rear axle, the Navara's rear multi-link suspension helps give a smoother ride, even in severe conditions. It also provides a more comfortable ride for those in back.

Fully Boxed Frame

Unlike some three-sided frames, a fully boxed ladder frame won't twist over uneven terrain. This means more strength, and ultimately, more capability.

Ground Clearance

With generous ground clearance, superior approach and departure angles, Navara is adept at fording ravines, and climbing seriously rocky terrain.

Shift-on-the-fly 4-Wheel Drive System

Switches between 2WD and 4WD (4H) with the twist of a dial at speeds of up to 100km/h.

Electronic Locking Rear Differential

delivers equal power to both rear wheels, boosting traction to push through difficult terrain.

Active Brake Limited Slip (ABLS)

Helps provide the traction to keep your steering in control.

SEAMLESS CONNECTIVITY

Find the nearest trailhead,
or the best DJ in town

Whether it's to beat the crowds – or be part of the crowd – advanced tech is your guide. **Apple CarPlay™** integration and **Android Auto Ready** let you connect the way you want, and you can even customize the **8" touch-screen display** like your favorite tablet. And with rapid charging from a state-of-the-art **USB-C port**, your phone will be ready for a night on the town, too.

Sporty Leather Steering Wheel***

With Black & Orange-accented Nissan emblem and Control Switches for Audio, Digital Display & Hands-free Phone.

7" Advanced Drive Assist Display**

Up to 8 key information right where you want it. With a quick look down, you can get info on everything from music information to key driver's aid alerts. The system can even monitor your driving and suggest when you may need to take a break or stop for a coffee.

For V, VL and PRO-4X variants only. *For PRO-4X variant only. Actual car specifications may vary from pictures shown.

REDEFINED INTERIOR

Find sanctuary wherever you go

Relax in so much comfort and style, you'll never want to leave. Whether it's a road trip with the crew or date night, you've got upscale accommodations with unique interior trim, special orange-accented logos and stitching, and anodized black panels. Make those long drives feel short with a quieter cabin featuring supportive **Zero Gravity front seats** with available leatherette. Tailor your ride just the way you like with **Dual Zone Climate Control**. And with **recontoured rear seats, new rear armrest** and **dual cupholders in the back**, every seat is the best seat in the house.

Everything on the agenda, and nothing off-limits

As soon as you look at your new Navara, your heartbeat gets a little faster. Because you know today's going to be safe and exceptional – everything can be yours for the taking. The day starts with rugged looks that let you stand out from the crowd. But the real fun begins when you point that chiseled nose towards the horizon and hunt down excitement. Bring your friends – you've got plenty of room. Climb a mountain, cruise the desert, hit the beach. With power, capability and advanced tech along for the ride, it's a whole new world – your new world. So gear up for adventure, and get ready to go where you've never been before. This is what it's like to have an authentic truck.
